विश्वकर्माCTF

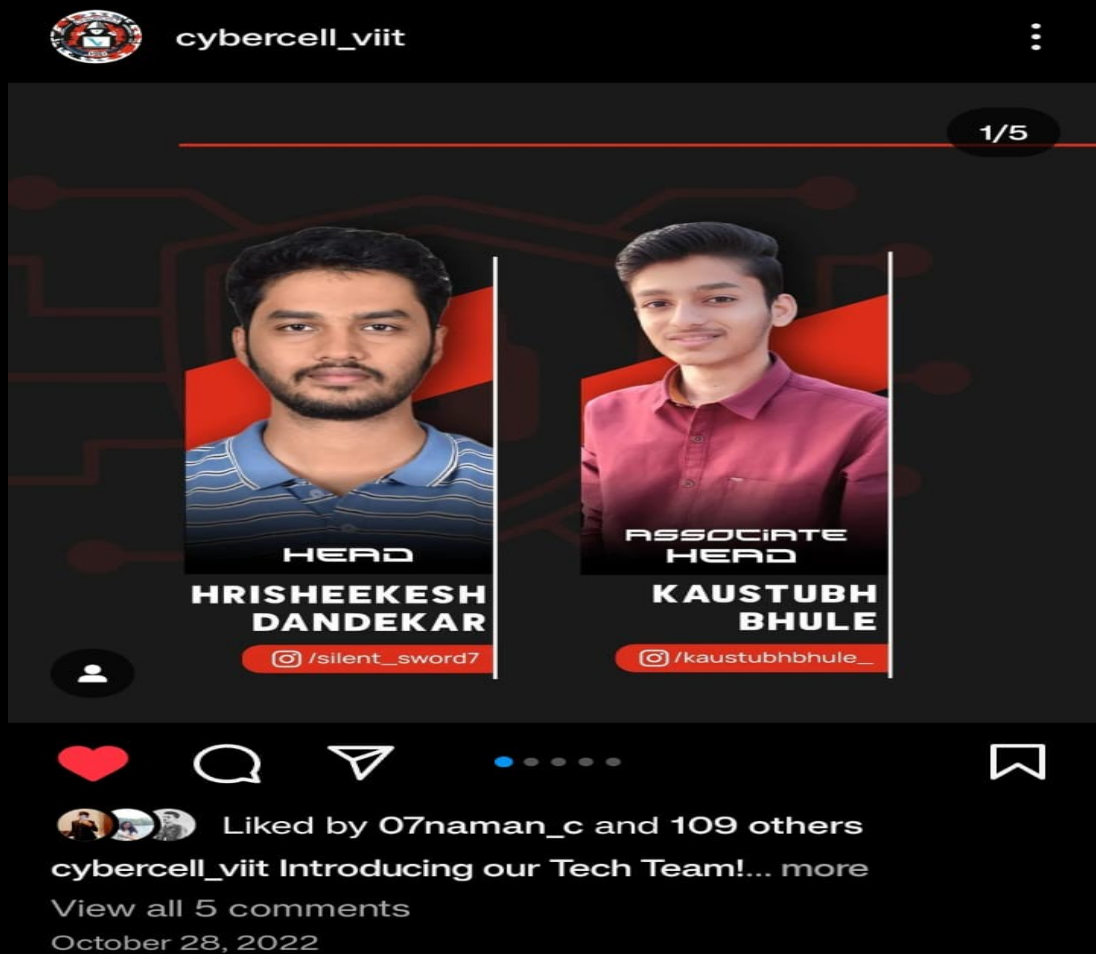

## DESCRIPTION:

One of our former Head of the cell was hired by a CyberSecurity based company as a Security Analyst, 6 months ago. I remember, the company also posted about his joining on a professional social media platform. You should have a look at that post.

## Steps:

We need to find previous years head. So if we go on instagram we can see the core team members of the previous years.

Step2:

Now we know two of the previous years head - Hrisheekesh and Rishi. Now we need to find out who has been hired as a security analysts by a cybersecurity related company. For this we need to check their LinkedIn account.

We can see that Hrisheekesh was hired as an intern in CrowdStrike. And Rishi has been hired as an security analysts by CloudSek.
