CHALLENGE NAME : [CYBER PURSUIT MANHUNT]

DEV : [PRANIT GOVANDE]

CATEGORY : [OSINT]

LEVEL : [HARD]

2024

Challenge Description :

In response to alarming reports, our cybersecurity team is actively pursuing a hacker known by the alias h3ck3r_h3_bh41, who poses a serious threat by extorting innocent individuals for monetary gain. Your mission is to track down this hacker and provide us with the crucial information needed to apprehend them.

Retrieve the Hacker's complete full name, formatted in lowercase and replacing spaces with underscores, along with the associated website domain.

Flag Format : VishwaCTF{full_name_domain.in}

Solution :

Follow along the given Image at the end below for the Flag Solution.
